Re: Permit Construction/Modification Application
ABB Installation Products Inc.
260 Dennis Street, Athens, TN 37303
Emission Source Reference Nos. 54-0047-14 and 16/Log No. 81278

Dear Mr. Sparks:

Your construction permit application dated March 27, 2023, for the modification of two electroplating lines (emission sources 54-0047-14 and 16), was received on March 28, 2023. The proposed modification would replace the sulfuric acid used in the four acid dip tanks with hydrochloric acid. Please be advised that construction or modification of the source cannot begin until you are in receipt of the issued construction/modification permit. A determination has been made that the application is incomplete because the required application filing/processing fee was not included.

The responsible official for an air contaminant source is required by paragraph 1200-03-26-.02(5) of the Tennessee Air Pollution Control Regulations to pay a construction permit application filing/processing fee. Based on the information provided in your application, the fee for your submittal is \$50.00. Please pay your fee by check payable to the Tennessee Division of Air Pollution Control and send to the following:

Tennessee Department of Environment and Conservation
Division of Air Pollution Control
William R. Snodgrass Tennessee Tower, 15th Floor
312 Rosa L. Parks Avenue
Nashville, TN 37243

The fee and a copy of this letter must be submitted within 60 days of receipt of this letter so that the Division can process your application. If additional deficiencies are later identified, you will be able to correct them within the remainder of the 180-day period that begins on the date you received this letter, as provided in subparagraph 1200-03-26-.02(4)(d) of the Tennessee Air Pollution Control Regulations.

It is the express intent of the Tennessee Air Pollution Control Board that the 180-day permit application correction period is not to be construed by an applicant as permission to construct or modify a source without the permit required by Division Rules. If you fail to submit a complete application within this 180-day time period, all construction permits shall be denied and any fees forfeited.

If you have any questions concerning this correspondence, please contact Mr. Joshua Rhoads at (615) 532-0547 or Joshua.Rhoads@tn.gov. Your Facility ID is **54-0047**, please reference this number in any further correspondence with the Division.

Sincerely,

A handwritten signature in dark ink, appearing to read "James P. Johnston".

James P. Johnston, P.E.
Deputy Director
Permitting & Regulatory Development
