Mr. Clegg,

Attached is the draft construction permit for Mississippi Limestone Corporation. Please review the draft construction permit within five business days and contact me via e-mail if you have any questions or comments. Approval of the draft in its current form can be confirmed with a reply of "no comments".

I spoke with you over the phone on September 11, 2018, regarding the Mississippi Limestone Corporation [SOS Control #: 000382703] business entity being listed as inactive on the Tennessee Secretary of State website. As of today, this entity is still listed as inactive. Please be advised, the Division of Air Pollution Control requires any company or corporation that applies for a permit to have their corporate name registered with the Tennessee Department of State.

Thank you,  
Justin Dolzen
