RE: NOTICE OF DEFICIENCY (NOD)
Minor Hill Convenience Center, CCC280000595

Dear Ms. Phillips:

In accordance with the Regulations Governing Solid Waste Processing and Disposal in Tennessee, Rule Chapter 0400-11-01, the Permit Application for the Minor Hill convenience center in Giles County, Tennessee has been reviewed for compliance with these Rules. Based on the revised submittal, received on June 17, 2019, the application has items that need to be addressed before continuing the review process. Below are the items that were found in the review:

Please revise the design plan to include:

- The location of drainage ditches and the direction of flow.
- The vehicle travel path from the exit gate to Wray Branch Road should be depicted as paved (i.e. compacted stone per the narrative).
- A 50-foot setback from the stream (as indicated on the provided U.S.G.S. map) to the north.

Please submit revisions to:
