East Tennessee Natural Gas, LLC
Discharge Monitoring Report
General NPDES Permit for Discharges of Hydrostatic Test Water
Tracking No. TNG670510 and No. TNG670511
Blount County, Tennessee**

Dear Mr. McAdoo:

As required by the above-referenced General NPDES Permit for Discharge of Hydrostatic Test Water, East Tennessee Natural Gas, LLC (ETNG) is providing the Discharge Monitoring Report (DMR) for the 2016 McGhee Tyson Airport Replacement Pipeline Project's water discharge (enclosed).

Please note that the test was performed on new pipe that was cleaned prior to testing. The flush water for cleaning the pipe was contained into a tank and was disposed of off-site. Water discharged from the test was not discharged directly to waterbodies or wetlands, but was instead discharged in a well vegetated upland area using an energy dissipation and filtration device to prevent erosion and control sediment. All hydrostatic discharges for this project are complete. All water quality parameters were within accepted limits for this test. ETNG respectfully requests termination of the above mentioned permits at this time.

For questions concerning the DMR, please contact me at 713-627-5653 or avmiller@spectraenergy.com.

Sincerely,

A handwritten signature in blue ink, appearing to read "Alex V. Miler".
