

Under the Aquatic Resource Alteration

General Permit for Construction or Removal of Minor Road Crossings

Tennessee Department of Environment and Conservation

Division of Water Resources

William R. Snodgrass – Tennessee Tower

312 Rosa L. Parks Avenue, 11th Floor

Nashville, Tennessee 37243

ARAP - NRS20.062

Under authority of the Tennessee Water Quality Control Act of 1977 (TWQCA, T.C.A. 69-3-101 et seq.) the Division of Water Resources has determined the activity described below would not violate applicable water quality standards.

This activity is governed by the *General Permit for the Construction or Removal of Minor Road Crossings* issued pursuant to the TWQCA. The work must be accomplished in conformance with accepted plans, specifications, data and other information submitted in support of application NRS20.062 and the terms and conditions set forth in the general permit.

PERMITTEE: 3BM, LLC

AUTHORIZED WORK: Installation of a 197-foot 60-inch RCP culvert road crossing encapsulating 200 feet of stream, to access a proposed subdivision.

LOCATION: Greenbriar Cemetery Road, Greenbier, Robertson County
Latitude: 36.4465 Longitude: -86.7939

WATERBODY NAME: Unnamed tributary to Long Branch, Red River Watershed

EFFECTIVE DATE: July 1, 2020

EXPIRATION DATE: April 7, 2025

This does not preclude requirements of other federal, state or local laws. In particular, work shall not commence until the applicant has received the federal §404 permit from the U. S. Army Corps of Engineers, a §26a permit from the Tennessee Valley Authority or authorization under a Tennessee NPDES Storm Water Construction Permit where necessary. This permit may also serve as a federal §401 water quality certification (pursuant to 33 U.S.C. §1341) since the planned activity was reviewed and the division has reasonable assurance that the activity will be conducted in a manner that will not violate applicable water quality standards (T.C.A. § 69-3-101 et seq. or of § § 301, 302, 303, 306 or 307 of *The Clean Water Act*).

The state of Tennessee may modify, suspend or revoke this authorization should the state determine that the activity results in more than an insignificant degradation of applicable water quality standards or violation of the TWQCA. Failure to comply with permit terms may result in penalties in accordance with T.C.A. §69-3-115.

STATE OF TENNESSEE

Springfield, TN 37172

Subject: General Permit for the Constuction or Removal of Minor Road Crossings
File # NRS20.062
3BM, LLC - Cattle Trails Estates
Greenbrier, Robertson County, Tennessee

Dear Mr. Bell:

We have reviewed your proposal to install a 197-foot 60-inch reinforced concrete pipe culvert road crossing encapsulating 200 feet of an unnamed tributary to Long Branch to access a proposed subdivision in Greenbrier, Robertson County, Tennessee. The attached Notice of Coverage authorizes the work as proposed.

Pursuant to the *Tennessee Water Quality Control Act of 1977* (T.C.A. § 69-3-101 et seq.) and supporting regulations the Division of Water Resources is required to determine whether the activity described in the attached Notice of Coverage will violate applicable water quality standards. This permit may also serve as a federal §401 water quality certification (pursuant to 33 U.S.C. §1341).

This activity is governed by the *General Permit for the Construction or Removal of Minor Road Crossings*. The work must be accomplished in conformance with accepted plans and information submitted in support of application NRS20.062 and the limitations and conditions set forth in the *General Permit for the Construction or Removal of Minor Road Crossings* (enclosed). It is the responsibility of the permittee to ensure that all contractors involved with this project have read and understand the permit conditions before the project begins.

Annual Maintenance and Coverage Termination

Permittees will be assessed an annual maintenance fee of \$350 for coverages that exceed one year. Please note that this maintenance fee does not grant the right to extend coverage past the expiration date of the General Permit. Permittees may terminate coverage prior to the expiration date by submitting a completed notice of termination form (NOT), which is available on the division's webpage at http://tdec.tn.gov/etdec/DownloadFile.aspx?row_id=CN-1450. A complete NOT should include photodocumentation of the finished project area. The division will notify the permittee that either the NOT was received and accepted, or that the permit coverage is not eligible for termination (due to existing deficiencies) and has not been terminated.

We appreciate your attention to the terms and conditions of this general permit for aquatic resource alteration. If you have any questions please contact the permit coordinator, Ms. Claire Wainwright, by e-mail at claire.wainwright@tn.gov or by phone at (615) 532-0162.

Sincerely,

A handwritten signature in blue ink, appearing to read "JR. Smith", with a long horizontal flourish extending to the right.

Jimmy R. Smith
