Re: Protection Criteria and Local Limits Final Approval
Centerville Pretreatment Program
NPDES Permit No. TN0024937
Hickman County

Dear Mayor Jacobs:

The Division of Water Resources would like to thank you for your pretreatment coordinator's submittal received on February 15, 2024, of the required public notice by Centerville for modifications to the plant protection criteria and local limits. The public notification completes all the required activities for these modifications; therefore, final approval is granted. Should Centerville, at any time in the future, begin experiencing problems at the wastewater treatment plant, these limits should be re-evaluated.

If you have any questions, please contact Gordon Holcomb (615) 339-9956 or Gordon.Holcomb@tn.gov.

Sincerely,

Jessica Murphy, Manager
Compliance and Enforcement Unit
